SAFER PRODUCTS FOR HEALTHIER ATHLETES

Our mission is simple...  
We target harmful products  
and develop safe alternatives.

## Powder coated, Super-Insulated Sports Bottles

- Double-walled and vacuum-sealed 304 stainless steel (18/8)
- Keeps contents ice cold for over 16 hours
- No annoying bottle sweat
- Internal mesh filter to block ice or tea leaves
- Super-insulated bottle for the same price as a basic single-walled bottle
- Easy-to-clean

## GO2 : Travel Containers

- Unique, patent pending design in which each compartment seals watertight
- Fork and spoon secured. No losing utensils
- Large compartments make it easy to place food for lighter to heavy fare. Just fill...and GO!
- Modern and highly functional. From the moment that you hold the GO2 container, you will understand that it is a very sturdy, well-designed product
- No skid design, because nobody wants their meatballs on the floor

## GO4TH : Insulated Travel Containers

- Optimal dual, screw lid system to prevent leakage and spillage
- Double-walled and made with medical grade
- 18/8 stainless steel
- Built-in, folding spork so that you are never without utensils
- Vacuum-sealed design keeps food hot for up to 4 hours and cold up to 8
